### LEGEND

- No mapping
- Alluvium
- Unit C : felsic volcanics and volcanoclastics
- Unit B : andesitic to basic volcanics and volcanoclastics
- Unit A : fine-grained sediments with basic volcanics
- Unit II : fine-grained sediments and andesitic volcanics
- Unit I : granitic stock and metamorphosed sediments
- Fault
- Unconformity
- Chargeability high
- Surface copper mineralization
- Ground magnetic high
- Ground magnetic low
